

INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS

JANUARY, 2017

Official Publication of Local Union #347

~ Business Manager's Report ~

Sisters and Brothers,

The outcome of the recent election has put Iowa's working families in the cross hairs. It is deeply concerning that the anti-Labor legislation that has been blocked by a Democratic controlled Iowa Senate now has absolutely nothing standing in its way. The session begins on January 9, 2017 and you can expect anti worker legislation right from the start. This should concern each of you. We anticipate that they will come after issues that will limit the bargaining rights of public employees (i.e. teachers, police, firefighters etc.) right out of the gate with changes to IPERS and Iowa code chapter 20 but they will not stop there. The potential to negatively impact bargaining rights of all Labor Unions is a pen stroke away. We will face challenges with workers compensation, unemployment and the future of any project labor agreements just to name a few. We will not take this lying down. We have worked too hard for too long to maintain a living wage and benefit package to see it stripped away from us for the pleasure of a few. We will be working with the Iowa Fed, State Conference and Building Trades in a coordinated effort to minimize the damage and it will require not only support from Labor but also action. Stay on top of the issues, be prepared.

We had a very dramatic situation take place during a JW training class at the Des Moines JATC on November 16th. One of our own suffered a massive heart attack right at the end of class. It was very fortunate that he was surrounded by Sisters and Brothers with the knowledge and experience to keep him alive until rescue arrived. Without hesitation, Brothers Rick Corbin and John Schoolen began working on chest compressions while Sister Barb Mentzer and Brothers Matt Marchese and Derek Sandy did rescue breaths. They desperately worked to save his life for 12-15 minutes as other 347 Brothers cleared the way for rescue. Clive Rescue had to shock him back to life on the way to the hospital where he later suffered another heart attack. He is very lucky to have survived this. It cannot be often that someone suffers a life threatening heart attack in a room full of good people that have been CPR certified. We all need to acknowledge the heroic efforts of Rick Corbin, John Schoolen, Barb Mentzer, Matt Marchese and Derek Sandy. Without them and the work of all that helped that night this Brother would not be here with us today.

This story is a prime example of the importance of early detection. The arterial conditions that caused that heart attack would have easily been detected with the screenings that are provided at our annual wellness events. That is one of its primary functions. Do not put this off. Sign up for the 2017 wellness events as soon as they are announced. They are convenient and at no additional cost to you. Your doctors will not perform these tests until you show signs or symptoms. Get in here and get it done, you can then take the results to your doctor. If you recall in 2014, Stroke Detection had discovered a cancerous thyroid in a young woman that was quickly removed, potentially saving her life. This program works, take advantage of it.

The 2016 event was a success as attendance at the event was 252. Of those that attended, 29% of them were between the ages of 45-54, 25% age 35-44, and 20% age 55-64. Some issues that were discovered included 4 cases of significant Carotid artery blockage and 3 cases of abnormal ABI. Stroke Detection found 5 cases of cystic thyroids and two cystic livers. 9% of the 252 screened have high cholesterol and 31 individuals have high blood pressure. Diabetes is a significant concern within our group. We must monitor our nutritional habits and exercise more. Point is, take care of yourself, we enjoy the company.

The Trustees of the Health and Welfare Fund would like to remind you that the annual enrollment package will be coming soon. It is critically important that we all fill out the information that is included in the annual packet and return it promptly. This will verify dependent eligibility under the plan and update beneficiaries. All very important.

This year's Toys for Tots campaign went very well. In one single day the event raised \$60,086.35 and collected over 5,000 toys for the US Marine Corp Toys for Tots. It is a remarkable feeling knowing that Local 347 is part of that effort. Thank you to all those that donated toys and

cash and a special thanks to Kendrick Jefferson, Lanny MacCleary, Dan Rawlings, Steve Snow, Chris Barr, Eric Houseman, Cole Houseman, Randy Tucker, Misty Turner and Paige Turner for volunteering at the events.

Brotherhood Strong,
Pat Wells

~ President's Report ~

Happy New Year Brothers and Sisters,

The halls children's Christmas party was a huge success this year with at least 400 plus members and their families attending. Without the help of the following people it would not have been possible. Pat Wells, Rick Chumbly, Doug Wolf, Jason Ballard, George Hood, Dustin Schmidt, Frank Schneider, Andrew Cochrane, Daniel Siddall, Dustin Eschilman, John Stahowick, Clinton O'Connor, Steven Delaney, Kendrick Jefferson, Mike Gomez, Randy Tucker, Joe Rivas, Scott Farnsworth, John South, Nate Friesen and Doug Buchman.

The drawing for attending union meetings and service will be held at the January General Membership Meeting, to make sure that you qualify for next year's drawing you have to attended at least 9 of the 12 meetings and have in at least 15 hours of service. It's easier than you think to do both so come to the meetings (the 2nd Thursday of every month) and when you hear about needing volunteers sign up we could always use the help. We are still in need of volunteers to help tear down Jolly Holiday lights.

It is with sadness in my heart that I tell you I have resigned from the office of President of the local in order to take a job as assistant business manager. It will be up to the executive board to pick a permanent replacement for me until then Matt Carpenter our Vice President will be the acting President. Being an officer for the local has been among my proudest achievements. I'm very much looking forward to this new challenge.

I wish each and every one of you a very healthy and prosperous new year.

In Solidarity
Scott L Farnsworth

~ Political Corner ~

Hello Brothers and Sisters,

For a lot of us the election did not turn out as we hoped, and personally I'm still trying to get my head wrapped around it. Regardless he is our President elect. There are a few decisions he has made that should concern all of us, such as his pick for U. S. Secretary of Labor which is Andrew Puzder. Puzder as an attorney has never served in government and his only connection to the Labor Department previously was when he was facing prosecution for violating labor laws. Puzder was a significant donor and senior economic advisor to both the Romney and Trump campaigns. In recent years he has become an advocate for part time workers so companies do not have to give employees benefits, also a strong believer that people should not get overtime pay. He believes that people should have to work for straight time cause its their jobs to produce any product. He even came out and said people should work up to six hours before taking a break, so in so many words he is against morning and lunch breaks. Needless to say he opposes minimum wage increases, he actually said American workers are over paid just as president elect has said on several occasions.

Another one of his picks that should be concerning for all Iowans is Rick Perry for the Department of Energy. Rick Perry in an open statement to the N.Y. Times said that renewable energy is something this country does not need to invest in, meaning the world will always depend on coal and oil to run countries. Guess how Rick Perry became rich? Coal and oil stocks. HMMM.

Enough about the president elect, cause I could go on for days on how bad he is for UNIONS. Lets talk about something that we can do to help us and the middle class. In less than two years we will have the Governor's seat up for election. Our beloved Governor excepted the appointed seat as Ambassador to China under the President elect administration, so that leaves us his side kick Kim Reynolds to pick up were he left off in the state. Don't know to much about her but rest assure she does not stand on the side of LABOR. Keep in mind brothers and sisters the republicans have the majority of every legislative body in the state. So let us come together as a UNION and start talking to our brothers and sisters, our apprentices, families, neighbors and friends and explain to them why UNIONS are so important. Lets educate the non-believers. Lets pull together and make a difference for us and the middle-class. We can make a difference if we stick together. In closing I would like to give a special Thank you to everyone that helped out the UNION during election season.

Happy New Year
Your Political Registrar
Matt Marchese
