## Official Publication of Local Union #347 - President's Report -

Brothers and Sisters,

I hope everyone is enjoying the nice weather. The May general membership meeting was a very good turnout. I saw a lot of new faces. At the meeting we discussed the importance of everyone to be registered to vote. We as a local union need to gain back seats in Iowa so we can effectively fight against the anti labor legislation that we've seen the last two sessions.

We have a large number of people getting sworn in at the general membership meeting. If you know one of the new CW's that is looking to become a member please have them get to the hall prior to meeting day and to get their paper work completed. This will help streamline the process.

Update on the Des Moines Inside contract, we did settle for a three year contract \$1.50 per year. I would like to thank everyone on the negotiations for their hard work. This is not an easy process.

In solidarity Jason Ballard

### Political Corner

Greetings to all. I hope that in the next few days we will have a primary election victory to celebrate. The only way that this will happen is if we get out and vote. I have spent quite a bit of time talking to AFSCME members this past month. The emotions range from anger to giving up. You may wonder why is he talking about AFSCME in our newsletter? Well I consider an attack on one union an attack on all unions. Make no mistake brothers and sisters we are under attack. The full effect of the stripping of collective bargaining rights has yet to be felt. I will tell you this union membership is way down in the state of Iowa. With that it means we have less say at the capitol and less say means less rights. If the largest union in the state of Iowa losing their collective bargaining rights doesn't make you angry well frankly you might as well stop reading right now. To me just this one item would be enough to vote Governor Reynolds out of office. However, the Republican led legislature has also found a way to screw up our whole state. We can't pay our bills without taking money out of savings and mid-term budget cuts. This in turn makes it impossible to fund our schools properly and that ranges from pre-K all the way up to our state universities. Cool we have less bargaining rights and our children have worse schools what can we do next. Think, think, think oh yeah we can also screw over our seniors too. Brilliant idea let's privatize Medicare so it is more costly and provides less services. No wait that isn't enough let's let private schools use public money and IPERS let's destroy that too.

I grew up in Iowa. I remember when we got along with each other. We had the best schools in the nation. We had collective bargaining rights and we cared about the less fortunate in our state. Well that was before citizens united and the out of state money that is pumped into our elections. See the lobbyist write crappy laws and then they give them to state representatives along with a nice campaign contribution to introduce in the house or senate. When did we start taking our cue from Kansas? If your idea of a great state is low union density and low wages and no public services then I guess the conversation is over.

I am asking again to please vote in the June 5th Primary election. I know many of you do not trust politicians and most likely don't even like politics. I understand that. Many of you feel that a candidate will say anything on the campaign trail to get your vote. As a union we try and focus on LABOR issues and how they affect our families. Many of you may even feel that we are partisan. I will tell you if I could find a Republican who actually would vote in favor of labor then I would vote for them. However, if you check the voting records (and we do) you will see almost to a man/woman they always vote against us. I know you don't like being told who to vote for. I get that also. We want you to look at the candidates and decide for yourself. Knowing the issues and what's at stake will give you the opportunity to make an informed decision.

Your Political Registrar, Randy Tucker

### Apprenticeship News

Please check our website for upcoming Journeyman training classes. We are mid-way through the code cycle and will continue to offer courses throughout the summer. To date we have offered 58 JW courses and cancelled 20 of them because of below minimum enrollment. Of the classes held, one-third of the available seats went unfilled. Remember when signing up for courses, you will receive a confirmation email once you have completed the registration process. Contact the training center if you have any problems registering.

Thank you to all the volunteers who came out to replace the lights at the John L. Lewis museum. Left to Right: Brothers Scott Farnsworth, Steve Nizzi, Dave Reid, Pat Wells and Tim LeClaire.
