Official Publication of Local Union #347

~ President's Message ~

Brothers and Sisters,

I hope everyone is enjoying the summer. I had a chance to attend the 347 Golf Outing and everything went well and it looked like our attending members were having a good time. Thanks to Joe Collins for talking to everyone at the event and explaining the importance of our reputation at events like this.

The union meeting attendance was around 100 members with again some new faces which is always good to see.

Just a reminder that Labor Day will be here before we know it and we will be needing some volunteers to help out. Please contact our hall staff if you are interested in helping.

In Solidarity,

Jason Ballard

<u>Step 4</u>: Follow up consultations: telephonic one-on-one consultations will be scheduled the day of the screening.

~ Political Corner ~

Hello Brothers and Sisters,

By the time you receive this newsletter there will be about 95 days left until election day. It is our civil duty as Union members to vote and vote for those who protect our way of life. I don't think I need to tell you what a horror show it has been for all labor and the middle class these last two years but for those who just read headlines and watch the alternative news here are just a few bills that passed in the last two years. Over 180,000 public sector employees, teachers, nurses, correctional officers and others lost nearly all of their bargaining rights. Because, according to this administration, they were costing too much. Over 80,000 legal law abiding citizens had their right to vote suppressed. Children are going to see their quality of education diminish and their college tuition go up because of decreased spending. Women across the state were stripped of their health care options. Drinking water and soil quality are a thing of the past because corporate farm profits trump the environment. 300 million in corporate property tax cuts, 500 million in corporate tax credits and 1 billion in income tax benefits to the rich will be given away in this coming fiscal year while basic needs will be left unmet. We saw the most horrific re-write of workers compensation laws to workers in the entire history of the law.

The state has turned over the operation of our Medicaid program to three corporations who have made a healthy profit off the system, while health care providers fail to be paid and our loved ones fail to receive services and are put in harms way. Our children suffer, our parents suffer, our grandparents suffer and Republicans had to remove funds that had been designated for their causes FOUR times this year because they could NOT balance the budget.

For those who do not realize this, the Republicans own all three branches of the government. GOVERNOR IOWA SENATE

IOWA HOUSE of REPRESENTATIVES

So you can not blame anyone but them.

Just last week I read in the NY Times that Iowa is ranked 47th out of 50th in growth. We are losing small businesses, teachers by the droves, nurses that have no representation are refusing to move here, and there is a short fall of civil service jobs. I don't know how far we are going to let them make a mockery of this great state before we stand up and say ENOUGH is ENOUGH. We, and I mean you and I, need to get the right people in office; people that are going to stick up for our way of living. I know you have heard me say this before but this is the most important election of your lives. They went after public sector in the last session, if they hold all three branches of the Iowa government for the next two years you can bet your life savings that they will be coming after us next. They already stripped the Union Apprenticeship programs of their eligibility for DAT funds (unemployment). What do you think they have up their sleeves for us. Wise up, get educated and do your homework.

PLEASE EXERCISE YOUR RIGHT and VOTE

Our livelihoods are at stake. Thank you for taking your time and reading this editorial. Your Brother
Matt Marchese
